SWISSCOGNITIVE

FutureGrasp™

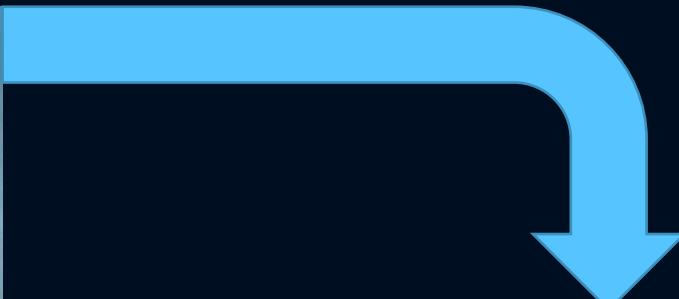

Diplomacy Turmoil: Artificial Intelligence Opportunities

THOMAS A. CAMPBELL, PH.D.
Founder & CEO

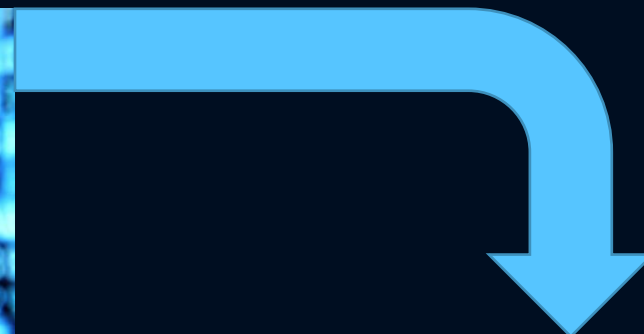

22 June 2020

Telegraphy

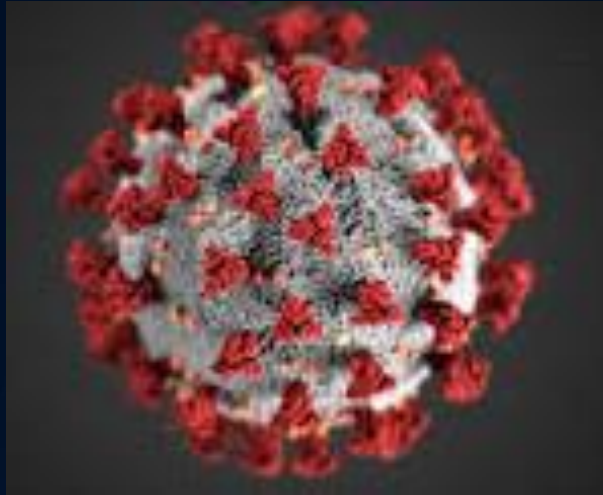

Internet

Social Media

*Technology
affecting
Diplomacy*

Challenges:

- Lack of face-to-face interaction: difficulty reading body language
- IT challenges
- Informal discussions obviated
- Collaborative writings (e.g., treaties) more difficult
- Postponed or cancelled meetings
- Cybersecurity (Zoom-bombing/-snooping)

AI FOR BETTER DIPLOMACY

TACTICAL

Automation via Applied AI for:

- Taskmasters
- Information Access
- Predictive Analytics
- Fact Checking
- Meeting Summarization
- Cybersecurity Assurance

STRATEGIC

- Emotions Analysis
- Digital Doubles

**FutureGrasp seeks
investors and
partners to leverage
the power of AI to
improve our world**
